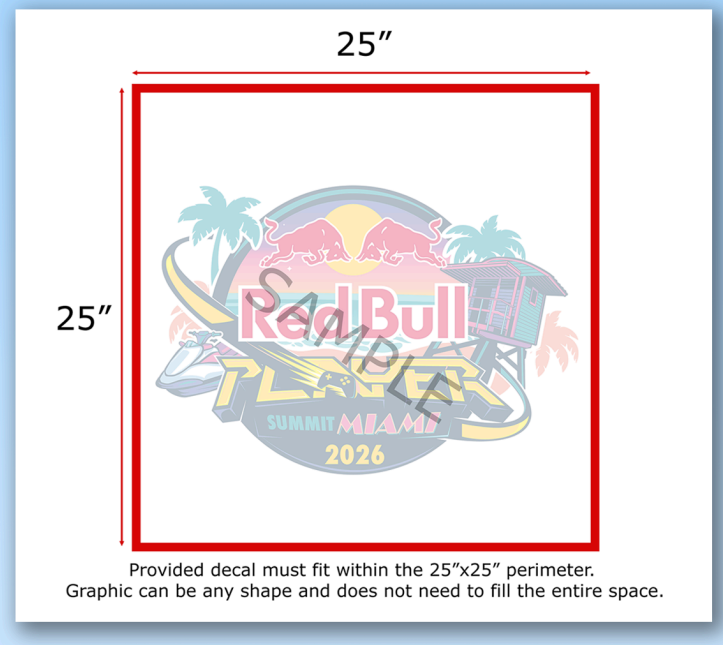
SPEC SHEETS

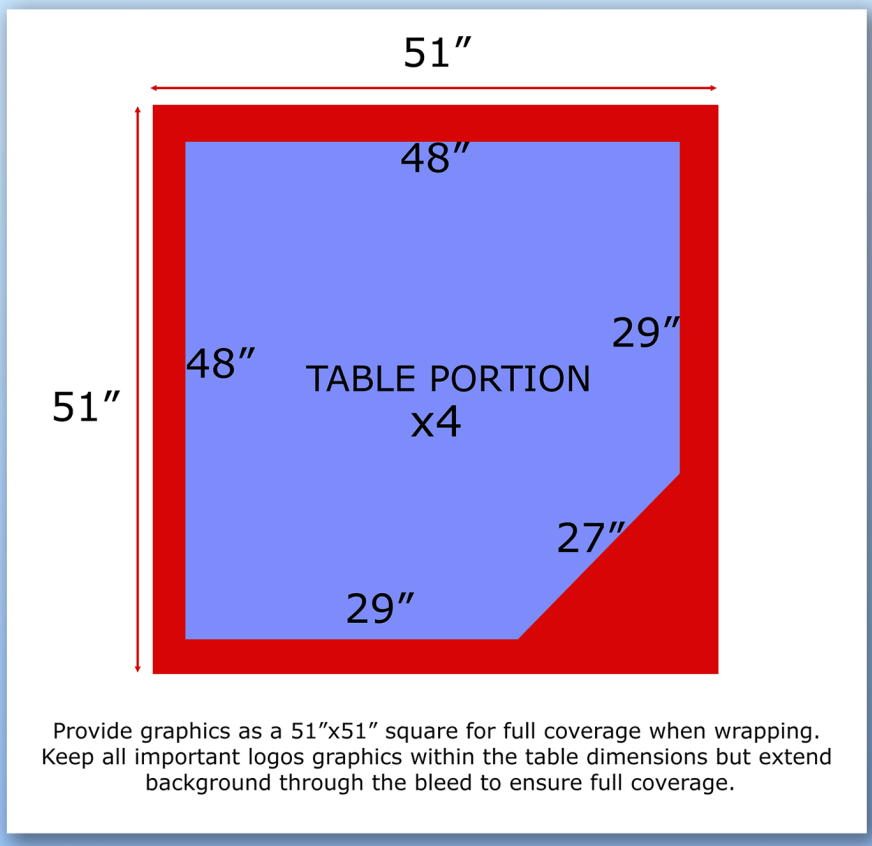
If you're working with your own design team, these specification sheets provide all the dimensions needed to create your custom artwork. Simply use the templates below to build your designs and send us the final print-ready files for production (300dpi PNG, PDF, .ai, or .PSD files).

ARENA PONG PARTIAL BRANDING



Provided decal must fit within the 25″x25″ perimeter.
Graphic can be any shape and does not need to fill the entire space.

ARENA PONG FULL BRANDING



Provide graphics as a 51″x51″ square for full coverage when wrapping.
Keep all important logos graphics within the table dimensions but extend background through the bleed to ensure full coverage.

Important: Keep all important text, logos, and graphics inside this safe area to prevent them from being trimmed during production. Background colors, patterns, and non-essential design elements should extend through the bleed to ensure a seamless wrap around the game. Provide all panels as full rectangles for easy wrapping.
